The basic need of the human being is to have a healthy life full of happiness and prosperity. We all want what we call happiness in our life. How can we get this kind of happiness in our life? Happiness is just a simple word. The meaning of happiness can be changed according to the situation and the person. Thus, we should not expect the same happiness in life as the person who is happy today may be unhappy tomorrow. There are times in our life, when we think that we are happy. This happiness is built on the momentary pleasure. Things happen in our life. Even the best of the world has its sorrows and grief. But despite this, we should not feel sad, despondent, and depressed, and should not make life miserable. We should make every effort to live happily, this is the only way to lead a meaningful life. Happiness means health,

wealth, and a bright future. Life is full of joys and sorrows. Despite all these, we should not lose hope and live a happy life. If we do not have hope in our life, we should not have any expectations of happiness. This book offers a wealth of information on the subject.
